**Community**

# Career Coaching

Whether you are looking for a change in direction, help with your resume, or wanting to build leadership skills, use our Coaches Catalog to find a partner that knows what it is to be a woman in tech.

- Interview Prep
- Job Search Strategy
- Compensation Negotiation
- Resume and LinkedIn Review

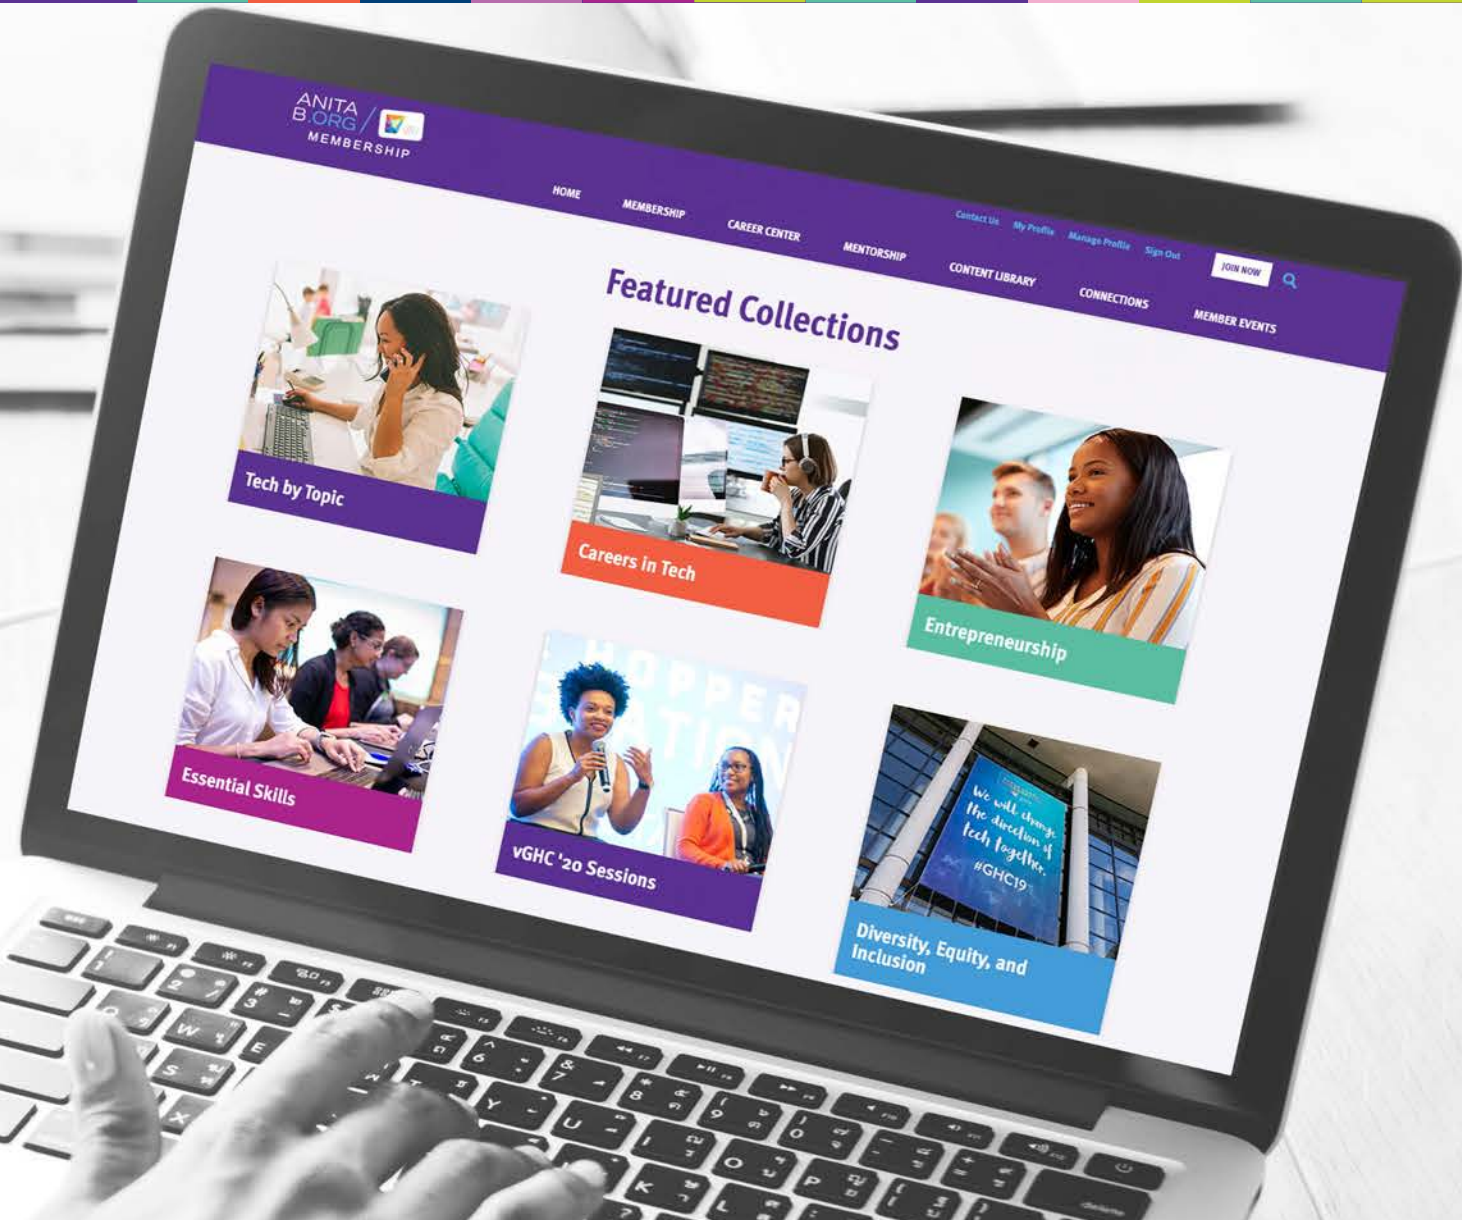

*I doubled my salary!! Coaching with you made all the difference.*

**Sudhar**  
Account Executive and  
Career Coach Client

# Content Library

Hundreds of on-demand videos including curated collections to take your career to the next level...

# Training Discounts

Members receive exclusive discounts on training and certifications so they can take charge of their own professional development.

AnitaB.org Membership provides support for all career levels with a curated learning hub. Members achieve more and receive the education needed to enter the work force, get that promotion, or start their own business.

# Mentorship

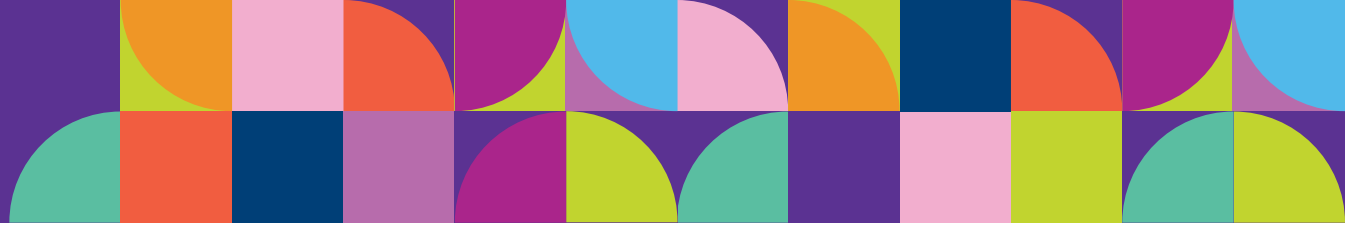

- Six-month online program
- One-on-one sessions
- Be a mentor or mentee... or both!
- Develop leadership, networking and negotiation skills
- Share your expertise, or learn from and get inspired by our community of tech experts

*I often feel like I am getting more out of the Mentorship Program than my mentees do... This email from my mentee made my day.*

– AnitaB.org Mentor

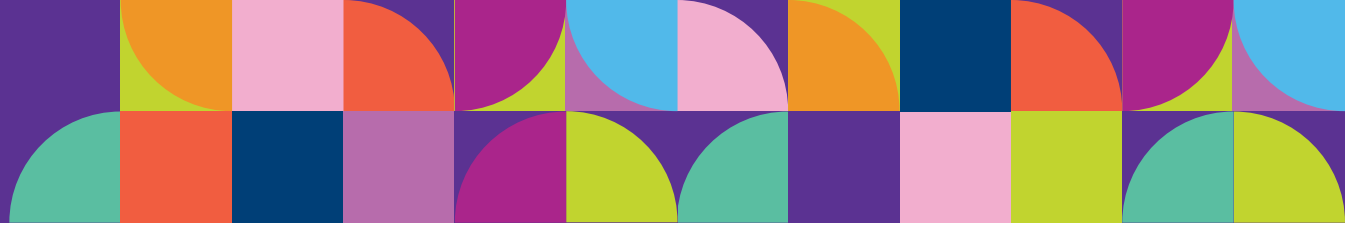

## Community

Explore and contribute to topical groups or start new discussions with fellow Members in your area.

Each Member-only discussion forum focuses on current and relevant tech topics. Share your Techspertise, give advice and learn from other Techsperts.

## Systemers

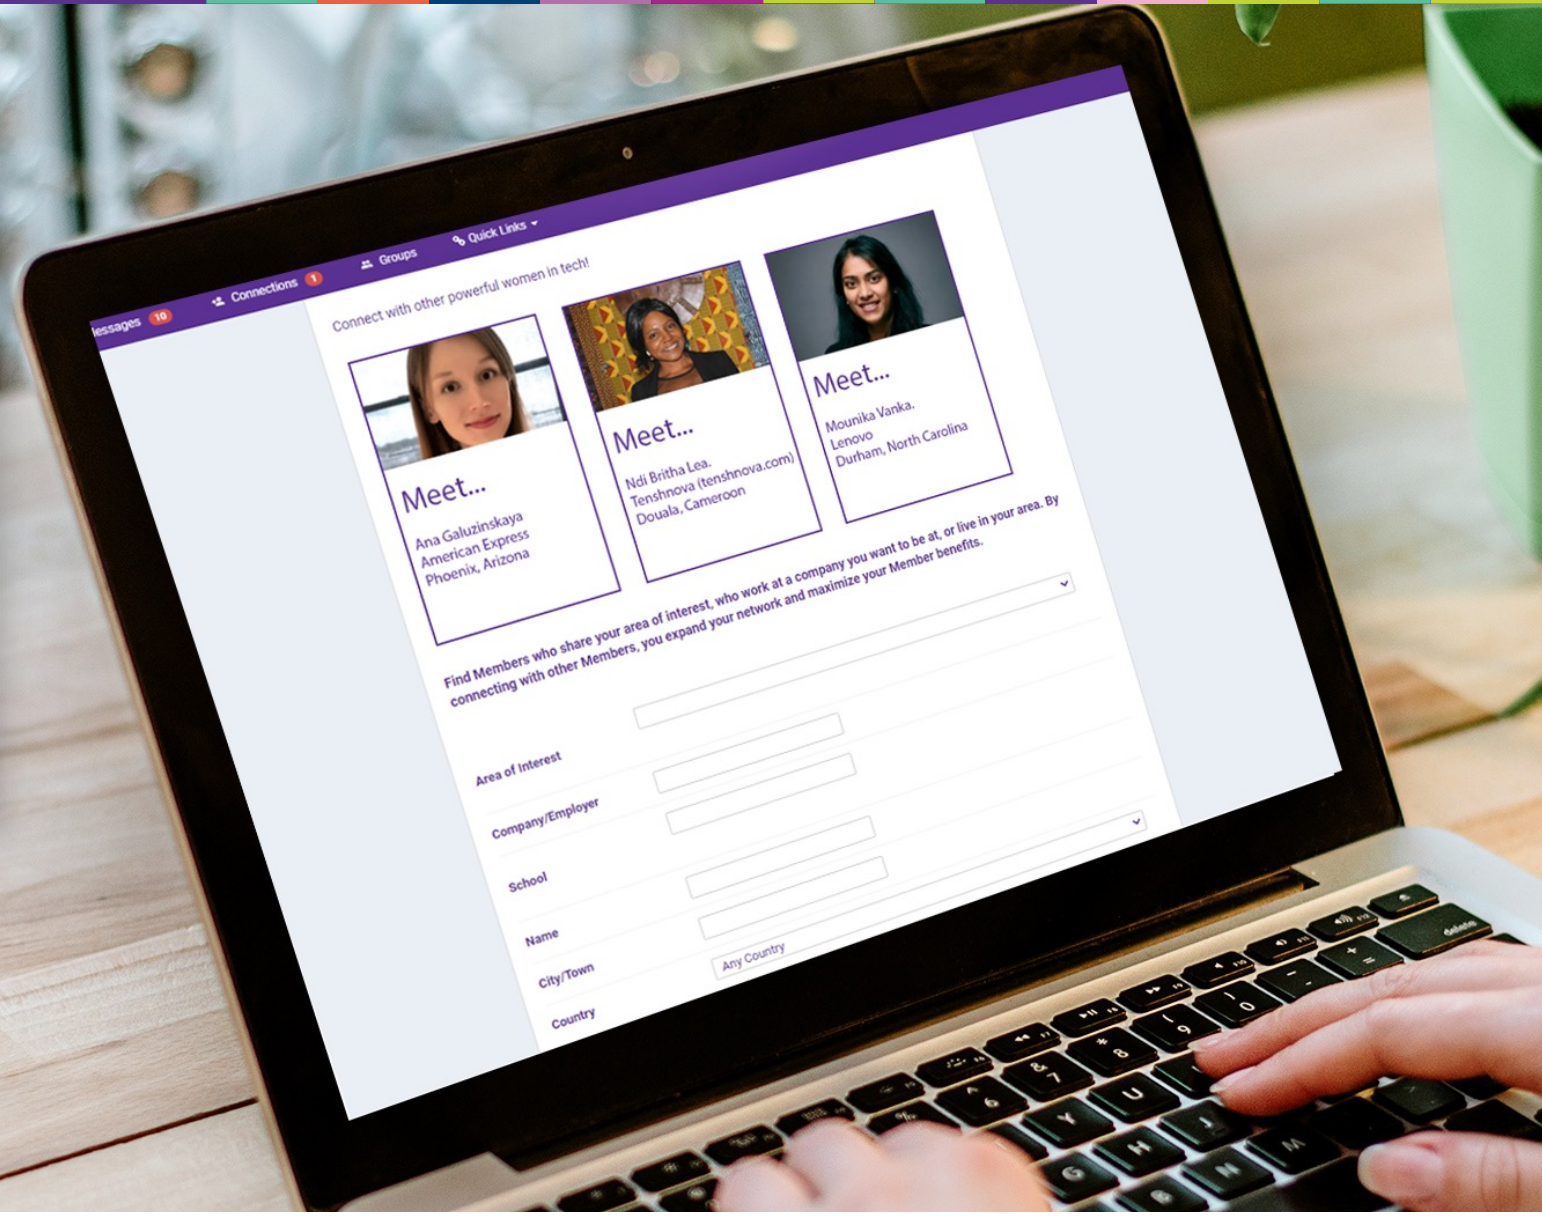

Systemers is one of the world's largest online communities of women in technical and computing roles.

Originally launched as an e-mail list by Anita Borg in 1987, this network has evolved into **27+ affinity groups** where women technologists can connect and offer support to members of their self-identified cultures.

# Connections

## Networking

Make key connections at your dream company, or with more than 25,000+ like-minded tech women!
